

Agenda  
Missouri Panel on School Readiness:  
Focus on Pre-Kindergarten Education  
July 22, 2008

## Meeting Outcomes

### July 22, 2008

The second meeting of the Missouri Panel on School Readiness: Focus on Pre-Kindergarten Education (Pre-K Panel) will focus on drafting the content of its recommendations to the Missouri Coordinating Board (Coordinating). The panel's efforts will involve working in one's work group and as a whole group, ensuring both focus, depth, and input of the whole.

If necessary, the panel consultant/facilitator will take the panel's formative information and re-format it so draft recommendations are available for deliberation and final approved at the panel's last meeting on October 7. Issues and/or questions needing further consideration also will be identified and posted for public response on the Missouri Child Care Resource and Referral Network web site.

By the close of its second meeting, the Pre-K Panel will have:

- Increased awareness of members' perspectives relative to the three overarching questions being considered by the panel.
- Created a "blueprint" for formulating its recommendations.
- Drafted emergent recommendations for the Coordinating Board.
- Identified outstanding issues and questions.
- Determined whether an additional panel meeting is needed.
